A fun and entertaining way to support animals in need.

Dear Friends –

Pet Network Humane Society staff and volunteers have been working diligently to maintain an extraordinary level of animal care and adoptions during 15 tumultuous months of much needed shelter renovation. Luckily, many of us received agility training!

The results are amazing and we invite you to schedule a personal tour!

Repairs and replacements have been focused on heating, cooling, ventilation, security and improved housing for increased canine and feline rescue, rehabilitation and adoption. Shelter and Boarding canines are enjoying more outdoor play times with improved fencing. Shelter rescue dogs are now provided direct access to fresh air and Tahoe sunshine from their kennels.

The renovation is helping to expand the significant life-saving work achieved by Pet Network Humane Society!

Approximately 6.5 million companion pets enter U.S. shelters annually. One-half find homes, and time often runs out for too many cats and dogs housed in public shelters that euthanize their unplaced animals.

Pet Network Humane Society envisions a world in which all companion animals experience love and respect as valued members of families and communities. Our staff is committed and passionate about increasing the rescue of adoptable animals from unnecessary euthanasia. A special thanks to our volunteers and foster parents for supporting our vision and mission!

And we need you, our honored guests, to help Pet Network continue its life-saving work. The revenue generated from Boarding, Grooming and our Second Chance Boutique covers 40% of our expenses. We must raise the remaining amount from your generous donations.

By joining us this evening, you display your compassion for innocent creatures in need. We hope that you will honor the pets that have enhanced your life by supporting the Fur Ball through its silent and live auctions, as well as pledging a cash donation. Together, we will make a critical difference!

Sincerely,

Madylon Meiling, Board Chair

2017 Lifetime Pet Partner Award

Each year Pet Network honors someone who has been important to our organization over many years.

Judy Heinbaugh and Geno Menchetti are two such individuals. They are friends and partners in life, and they have been friends of Pet Network over many years.

Judy and her beloved Siberian Husky Jake are enthusiastic cheerleaders for Pet Network's Doggie Day Care services. Jake is a staff favorite and was a hit with the Incline High School students during pre-exam therapy day. Judy has shown compassion for dogs and cats in need by supporting numerous of our special rescue efforts. She helped make our remodeling possible.

Geno enjoys the devotion of German Shepherds. With the loss of Buddy and Kashmir, he is currently without a canine of his own. Some lucky dog will soon steal his heart again. Geno has served on our Board of Directors, providing valuable legal and business advice. He continues to weigh in on important matters as Board Emeritus. We miss seeing him year-round as periodically he enjoys the pleasures of life in Cabo.

Thank you both for all that you do.

Thank You Maddie's Fund

Pet Network has enjoyed the invaluable support of Maddie's Fund for many years. Once again we owe a giant thank you for your major support during our much needed renovation.

Maddie's Fund was founded by local entrepreneur and animal advocates Dave and Cheryl Duffield. The charitable organization was created in honor of their beloved Miniature Schnauzer, Maddie. The mission is simple: to ensure a healthy home or habitat for all dogs and cats who find themselves in a shelter and rescue organization.

To achieve this goal, Maddie's Fund creates innovative funding opportunities for local shelters like Pet Network. They provide crucial education and research that help us fulfill our rescue mission to save abandoned pets from unnecessary euthanasia.

We are proud to have Maddie's Fund as a partner in our life-saving work.

You to the Rescue!

Caring for homeless pets takes time, compassion, hard work and money. One-half of our annual revenue comes from things we sell — **boarding services**, **grooming**, **thrift store sales** — and from **adoption fees**. The other half must come from people like **you** who care about what we do.

Every cash donation, big and small, makes a difference and can save a life. Be a hero. Come to the rescue of innocent abandoned dogs and cats by pledging your support.

Thank You For All That You Do!

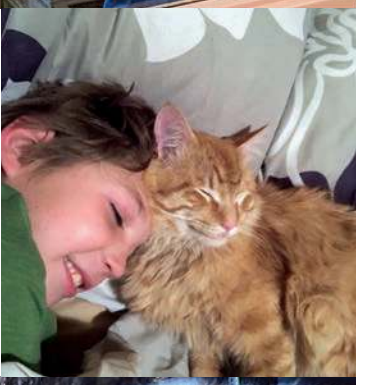
Five Ways to Support Pet Network

1. Adopt a shelter animal. Open your heart and your home to an animal in need.
2. Volunteer your time and skills. There are many ways to make a difference.
3. Use our boarding and grooming services and shop at our Second Chance Thrift Boutique. Donate cash contributions when possible.
4. Tell all your friends about our life-saving work.
5. Spay and neuter to end the cycle of overpopulation.

Volunteering

Volunteer Coordinator Rita Warren is always looking for a few good men and women, boys and girls. Volunteers help ease the stress for animals in transition. Our adult volunteers frequently transport dogs and cats to our shelter and help staff off-site adoption events.



Have You Tried Pet Therapy?

Julian and Buddy show us there is no better Rx for whatever ails you than a visit with your furry friend.

Pet Network and Schools

We work with schools & students in a number of ways to promote humane education. Students visit Pet Network to learn about bite prevention and safe handling of pets. Students read to dogs, improving their skills in a non-judgmental environment. This year we visited Incline High School during stressful exam week for relaxation pet therapy.
